The Rowan-Cabarrus Community College Biotechnology Training Center, located on the NC Research Campus, is a three-floor, 62,000 square-foot facility that is a “hands on, realistic training environment.” The training center hosts ten classrooms, ten laboratories, faculty and staff offices, a community event room, a student center, library, multiple conference rooms, and distance-education and video conferencing capabilities. The Rowan-Cabarrus is also a Small Business Center and the Office of Corporate and Professional Development, a provider of onsite quality and process improvement training for companies.
